

SculpSure Pre-Treatment Instructions:

- No sun exposure 7 days prior to the treatment, and no active tan.
- If currently taking anti-coagulating medications, blood thinning medications/supplements, antiplatelets, thrombolytics, anti-inflammatories or fish oil, candidates should discontinue use 2 weeks prior to treatment as determined by prescribing physician. **Note that discontinuing use of prescribed anti-coagulants should only be done with the approval of the prescribing physician.**
- Wear loose clothing or something that can easily be lifted or lowered below the treatment site, such as a T-shirt and leggings or pants / shorts that can be unzipped or unbuttoned. Avoid wearing one piece jumpers or dresses to treatment appointment.
